Allies Progress On Many Fronts Today

DRIVE THE AUSTRO-GERMANS ON A 45-MILE BATTLE LINE

British Capture Mount Carmel on Western Border of Mormal Forest and Advance Along Valenciennes Railroad, Taking Two Villagees. British and French Launch Drive on 15 Mile Front Between Lys and Scheldt.

YANKS CLEAN OUT ARGONNE FOREST

(By United Press)

Paris, Oct. 26.—The Allies are driving against the Austro-Germans northward on the whole forty-five mile front between Parachin and Karaliva in Serbia, the war office announced today.

London, Oct. 26.—The British attacking along the western border of the Mormal forest, captured Mount Carmel, it was announced by Field Marshal Haig today.

Further north progress was made along the Valenciennes railway.

Between Valenciennes and Tournai the villages of Odonmez and Maulds were captured.

Attack On 15-Mile Front

London, Oct. 26.—British and French troops are attacking between the Lys and Scheldt, east of Courtrai on a front of about fifteen miles. Field Marshal Haig announced today.

French Progress 2 Miles.

Paris, Oct. 26.—French troops continued their attack against the tip of the great western front salient yesterday evening and last night. An advance was made along the whole front between the Oise and Aisne.

Progress of two miles was made at some points, the war office announced today.

Yanks Clean Out Forest.

With the American Armies in France, Oct. 26.—The Americans have cleared the Germans out of the important Argonne forest, north of Grand Pre, driving sharp wedges into the enemy line. The doughboys swinging east of the German line, threatened to cut off the Boche north-east of Grand Pre. The attack in the Grand Pre region follows that of yesterday, in which the Americans advanced nearly one and a half miles north of Bantheville, occupying high points north of that village. One hundred and seventy prisoners were taken.

Serb Town Captured

London, Oct. 26.—Aralevo, the important Serbian town 70 miles south of Belgrade, was occupied by Serbian troops Tuesday and Wednesday, it was announced by the Serbian war office today.

Yankes Advance Half Mile

With the American Armies in France, Oct. 26.—The Germans in heavy counter-attacks on both sides of the Meuse river today failed, in efforts to drive the Americans from important heights.

After repulsing the assaults, the Americans battered their way forward a half mile on the ridge north of Bantheville.

Allies Making Headway

London, Oct. 26.—Allied troops are making headway at many places on the long line extending from the Lys to the Meuse. The Germans everywhere on the west front are fighting well. British and French troops are attacking on a front of

TEN TAKE EXAMINATION

Date Which is Fixed by Law Could Not Be Changed.

Ten teachers took the teachers examination in the county superintendent's office today. There was at first some doubt about holding the examination because of the influenza ban, but a letter received by County Superintendent C. M. George from the state superintendent said the test should be held because the date was fixed by law and could not be changed. All people taking the examination were in good health and the room in which they wrote was well ventilated.

NO VACATIONS FOR THIS SCHOOL YEAR

Proposed To Do Away With All Holidays On Account Of Time Now Being Lost.

TWO EXCEPTIONS TO ORDER

Christmas Day And Thanksgiving Will Be Allowed—Liberal Policy On Credits.

Rush county school children will not get the usual holiday vacations this year because of so much time having been lost on account of the closing of the schools due to the Spanish influenza epidemic. Horace Ellis has announced that it is proposed virtually to do away with all holidays for the remainder of the school year here except Thanksgiving day and Christmas day, to make up for lost time.

Township trustees and school boards have received a letter from Gilbert H. Hendren, state examiner of the state board of accounts, relative to the payment of salaries to school teachers during the enforced vacation.

Attention is called to the opinion of the attorney general that under the present conditions teachers "according to the decision of courts."

ORGANIZED FOR WAR WORK DRIVE

County Workers Met With District Chairman Here Friday Afternoon to Discuss Campaign.

REPORTS FROM TOWNSHIPS

Need of Publicity and Co-operation to Make Canvass Success is Emphasized.

A very enthusiastic meeting was held yesterday afternoon in the sheriff's office in the court house to organize the United War Work campaign, which will be held November 11th, with a one day canvass. If there are any counties who can not do this work all in one day, they are requested to start the week before in order to complete the canvass by November 11th.

Frank Donnell of Greensburg, district chairman of the United War Work campaign, had charge of the meeting and called upon the representatives of each township to give an outline of the situation in their territory.

John T. Turner, formerly of Greensburg, but now a Y. M. C. A. worker in the camps, being stationed at Camp Lee, Virginia, gave a very interesting talk, showing how this organization is a great help to the boys in camps. Camp Lee is one of the largest camps in this country with 75,000 men in training. Mr. Turner said "that the object of the work in the camps is to keep up the boys' morale after their day's work is completed." The workers in the Y. M. C. A. camps are continually planning different kinds of games for the soldiers to enjoy after work and when they are in quarantine, such as tug of war and football. Mr. Turner further states "that in Camp Lee every man knows how to read and write before leaving the camp, being taught by the Catholic chaplain, the Rev. Don."

T. M. Green outlined the organization in Rush county, which is expected to put the county among the

FOUR MORE BOYS ARE SAFE

Members of Units in 139th Field Artillery Overseas.

Four more Rushville boys with the 139th Field Artillery have arrived safely overseas. Tom Sullivan received word that his son, Jerry Sullivan, of the regiment's sanitary detachment is on the other side, and Wm. Dagler and John Cooning are in receipt of similar news concerning their sons, Clayton Dagler and Ed. Cooning, who belong to the same unit. They are believed to be in a training camp in England. News was also received that Frank Whitton of Battery A, 139th artillery had reached the other side safely.

SITUATION MAY BE SOMEWHAT BETTER

But Health Officials Have Learned Not to Venture an Opinion About Influenza Epidemic.

GOOD ONE DAY; BAD THE NEXT

Seventeen New Cases Are Reported This Morning, Compared With Twenty All Day Yesterday.

Although the situation in the county growing out of the Spanish influenza epidemic, looked brighter today, health officers have learned not to make predictions as to whether the disease is increasing or declining. On several occasions conditions seemed to be improved one day and were much worse the next day.

There was apparently a belief that the epidemic was on the wane because only twenty cases were reported again yesterday, which is not an increase over daily reports of the last few days, but health officers would not venture an opinion as to whether the situation was better.

All twenty new cases officially reported yesterday, came in before noon, and this morning reports were received of seventeen more new ones. Four of these were reported to Dr. J. B. Kinsinger, secretary of the city board of health, by one local physician, and six of them came from Dr. Kennedy of Milroy. Five others were new cases coming to the attention of Dr. E. I. Wooden, county health officer, and will be reported as new cases today.

As has been the rule for several days, most of the new cases being reported are in families where there are already members of the family afflicted with the malady. However, every day there are a few patients reported in homes where the disease has never before appeared.

The opinion still obtains among health officials that many cases are not being reported by physicians because they are so busy answering calls. Only six cases have been reported from Carthage, where there is only one physician. With that many patients in a town the size of Carthage, it is believed by health authorities that the disease would most likely spread.

The county health officer received complaints of violation of the health orders regarding congregating in crowds. It was stated by the person who complained, that one man in particular who had the influenza, was guilty of exposing others. So far as the official reports show, there are no cases in Palomoth or vicinity.

MILLARD PALMER OVER

Word has been received here by Mrs. Sarah B. Palmer that her son, Millard Palmer, 139th Field Artillery, has arrived safely overseas.

CONFERENCES TO BEGIN ON TUESDAY

Inter-Allied Diplomatic Council to Discuss Peace Terms Will Meet at Versailles.

COL. E. M. HOUSE IN PARIS

Official Dispatch From Vienna Says Demobilization of Austro-Hungarian Army is Planned.

Copenhagen, Oct. 26.—German newspapers are openly discussing the question of whether it is necessary for the kaiser to abdicate in order to insure peace.

Copenhagen, Oct. 26.—Preparation for demobilization of the Austro-Hungarian armies are under way, according to an official dispatch received from Vienna today.

Paris, Oct. 26.—The interallied diplomatic council will begin conferences Tuesday in Versailles when the allied premiers will have arrived, it was announced today. Col. E. M. House, accompanied by Admiral Benson, James G. Greer, and others arrived in Paris shortly after midnight. House will confer with Lord Milner, the British war minister, and will lunch with Field Marshal Haig, General Bliss and Admiral Benson.

Turkey Proposes Peace

Washington, Oct. 26.—A peace proposal has been tendered to envoys of France and Great Britain by the Turkish minister to Switzerland, according to an unofficial report here today. The report said the Turks had made concessions to the allies; their proposal being tantamount to surrender. There was no official confirmation available here.

That Turkey will drop out of the war on unconditional terms in the conviction of this government.

Huns to Carry Out Terms

Amsterdam, Oct. 26.—The German government emphatically repudiates the suggestion that it has no intention of honestly carrying out President Wilson's principals, Dr. W. S. Solf, foreign secretary, declared in reichstag, according to dispatches received here today, "regarding Alsace-Lorraine, which is one of the fourteen points. We agree to the regulation of the question by peace negotiation. We intended loyally and with complete justice to meet President Wilson's requests in all directions and all points."

Suggests a Republic

The Haig, Oct. 26.—In his first speech in the reichstag since his release from prison, Deputy Ditman, socialist, attempted to form a German republic, it became known here today.

Independent socialists cheered his speech to the echo.

NO Peace Anticipated

Paris, Oct. 26.—In authoritative quarters opinions were given today that no armistice and no peace will transmission to the allies, of his correspondence with Germany.

CUTS THROAT ON TRAIN

Buffalo, N. Y. Oct. 26.—Robert A. King of Wabash college, Crawfordsville, Ind., cut his throat with a razor on a New York Central train near Buffalo today.

The Rev. W. W. Smith of New-castle, Pa., formerly of this city, who has been visiting Mr. and Mrs. J. D. Case here and expected to remain next week, was called home today to preach a funeral.

Private Hines Hogsett Twice On Heels Of Hun

First Rush County Soldier to Return From the West Front, Describes Experiences in Chateau-Thierry and St. Mihiel Offensives When he Was With 26th Division.

A TOUCH OF LOCAL COLOR IN FRANCE

Soldiering in France is far different from that in a training camp in the United States, according Private Hines Hogsett, orderly to Major Paul W. Evans, who had the good fortune to get to return to the United States and has been here on a furlough with his parents, Mr. and Mrs. J. P. Hogsett, 614 North Sexton street. Private Hogsett leaves this morning for Fort Woods, N. Y., and will probably be assigned to duty in the United States.

"The soldiers of the American expeditionary forces are there for business," says Private Hogsett. "Every man has his own task to perform and he is expected to do it. All formality is done away with. There is no reveille and no taps. A man may sleep in the morning if he wants to, but he misses his breakfast. He may visit any place within the dis-

trict in which his division is encamped without a pass."

Private Hogsett saw much of the other side of the soldiers life in France—the fighting side—though he was never in the front line trenches as an infantryman and never went over the top, because of the nature of his duties with the headquarters detachment. He was on the heels of the Huns at Chateau-Thierry and St. Mihiel and saw how the Yankee doughboys drove the invaders back. He was with the 26th division which formed the north wing of the pinchers that helped force the Boche out of the St. Mihiel sector. Private Hogsett also knows the whistle of the big shells that talk business because his headquarters detachment was driven out of Boucy

THOUSANDS DAILY JOIN SENRECO FAMILY

TEETH BECOME WHITE, CLEAN AND FASCINATING IN FEW DAYS—GUMS FIRM AND HEALTHY

Dealers Amazed at Fast Growing Popularity of Remarkable Dentifrice

Don't neglect your teeth whatever else you do or you'll surely be sorry later on. Your dentist is one of your best friends—don't forget that—see him often—many thousands of men and women are enjoying life today because of the dentist's knowledge and skill.

You can have white teeth so radiantly clean and fascinating that they will compel unsolicited admiration. You can have firm healthy gums with no taint of disease if you will only visit your dentist occasionally and use Senreco toothpaste every day.

Senreco is a dentist's formula, a combination so perfect that, besides being the first cleaner of teeth and the most enjoyable of dentifrices, it is an active enemy of the vicious germs of pyorrhea—that all too common and abhorrent disease that attacks the gums and causes them to bleed, recede and grow soft, tender and spongy.

Get a tube of magical Senreco today—the good results will astonish you—in just a few days your teeth will radiate purity.

WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are Helping to Keep Up the Morale of Fighting Millions Unite in Campaign for \$170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States—the duty of sending Home to those who have put Home behind them for the period of the war. The agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or chocolate bar, with which he stays his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal comfort after weeks of terrific combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of \$170,500,000.

The Y. M. C. A. provides 538 huts in American training camps and more than 800 in the war zone as centres where the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 3,822 were serving in American camps at home.

Y. M. C. A. huts are the canteens of the American Expeditionary Force and are the theatres where the American entertainers, sent over by the "Y," appear. Noted American public men and

Clergymen speak in the huts. Classes are conducted there. Millions of letters are written there on paper provided free by the "Y." Physical directors of the "Y" teach and spread mass athletics, using material furnished free by the organization.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centres, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surroundings and atmosphere of the best homes.

The National Catholic War Council co-ordinates all Catholic welfare work in support of the government and through the K. of C. provides club-houses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertainment, movies, boxing bouts, educational work, religious services, free stationery, reading matter and writing rooms. In France their rolling canteen accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 300 workers in France at the beginning of autumn, with 450 more passed by the government and 200 others signed up. At the same date they had 468 secretaries in American training camps, 150 buildings, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. C. C. S. obtains for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

The Jewish Welfare Board is correlating the strength and purposes of 100,000 Jewish soldiers, sailors and marines with that of the Gentile soldiers. The board teaches the English language, American civics and ideals to thousands of young Jewish men who were inducted into service after only a few years' residence in this country. While safeguarding his religious rites, the board assists in the process of welding the Jewish soldier into the solid American unit and in bridging over the differences between him and the others.

The American Library Association is providing reading matter for every American soldier, sailor, marine and prisoner of war. In addition to gathering and forwarding three million books contributed by the American people the association bought 550,271 books, mostly technical, of which 198,267 were sent overseas. More than 1,500,000 books of all kinds have been assigned to libraries in Y. M. C. A., K. of C. or Salvation Army huts in the war zone, a similar number being distributed in American training camps, while half a million are on warships or transports. The association has erected and operates forty-one library buildings.

The Salvation Army, with 1,210 workers, principally women, overseas, has won the affection of the fighters. Its 501 huts, rest and reading rooms are popular gathering places for the soldiers. The doughnuts fried by Salvation Army ladies in huts for trenches and given to the men have become famous around the world. The Salvation Army also has many other accomplishments to the American and Allied soldier and sailor. They have given elegant uniforms, and

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Greatest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends. The vital health building elements that these dependent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any drugstore anywhere.

Take two tablets after each meal and one at bedtime—seven, a day for seven days—then you will feel twice as good. Look twice as attractive and feel twice as strong as before you started your money on anything for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lactidin; Calcium Glycero-phosphate; Iron Pyrophosphate; Manganese Pyrophosphate; Ext. Nux Vomica; Fowl Urea; Phenolphthalein; Olsarein Capsicum; Kola.

Only His Belt Felt Slack

It's hard to make the slacker understand his slackness.

A brawny slacker of a tramp knocked at a kitchen door of a farmhouse and whined out a request for food.

"Young man," said the farmer's wife, "you ought to go to the front."

"I did go to the front, lady," said the slacker, "but I couldn't make nobody hear, so I came around to the back."

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs' Liniment" is a harmless rheumatism cure which never discolors and doesn't burn the skin. It takes pain, soreness, stiffness from aching joints, muscles and bones; rheumatism, lumbago, sciatica, neuralgia, etc. Limber up! Rub "St. Jacobs' Liniment" on any sore, stiff, aching joint, and you'll be free from pain and stiffness. Don't let it slip away.

How Germany Went Down To Crushing Defeat

Stirring events in the great world war have followed one upon the other with such bewildering swiftness recently that the various changes leading up to the present situation are not clear in the public mind.

The leading article in THE LITERARY DIGEST this week—October 26th—clarifies the war news so as to give the reader a grasp of the entire subject. That "only military reasons" could have compelled the groveling Teuton pleas for peace was clear enough even if a leading German newspaper had not made the confession. "Only military reasons" in the shape of Allied victories from "Dixmude to Damascus" accounted for the reported revival of gaiety in Paris, while neutral observers told how in Berlin "everybody wants to group together just as before great disasters."

This article treats every angle of the war and will be read with enthusiasm by the American public. It is illustrated by a large full-page colored Map with a complete index.

Other articles of special importance in the Oct. 26th "Digest" are:

With this number—October 26th—THE LITERARY DIGEST is sold to news-dealers upon a strictly non-returnable basis. This means that news-dealers will buy only enough copies of "The Digest" to furnish regular patrons. Our action is made necessary by the ruling of the War Industries Board calling upon publishers to conserve paper, freight tonnage, labor, power, etc., by limiting publishing to actual

demand. Readers of THE LITERARY DIGEST should place an order with their news-dealers if they would be sure of getting it regularly. When you buy this week's number, tell the news-dealer to save next week's number for you, or, better yet, several future numbers. With The Churches

—In view of the fact that no services can be held in the churches tomorrow on account of the continuation of the epidemic, the First Presbyterian church is urged to make it a day of prayer and meditation in their homes, and in order that there may be some united thought and study, the pastor suggests the following outline of the First Epistle of John: The theme of the Epistle is "Fellowship With God."

1:1-4—Introduction (Christ and Fellowship).

1:5-2:29—The Nature of Fellowship with God; or walking in the light.

3:1-24—The Test of Fellowship with God; or Love.

4:1-21—The Safeguard of Fellowship with God; or Truth.

5:1-12—The Condition of Fellowship with God; or Faith.

5:13-21—The Privilege of Fellowship with God; or Assurance.

The First Presbyterian church has set aside each noontide hour for a few moments' prayer for our nation, our soldiers, and the coming of the kingdom. This plan is in accord with a world-wide movement among the allied countries, and all who will are asked to unite with them at least for a moment in daily noontide prayer.

CHEER UP! OLD H. C. L. HAS HIT EUROPE AWFUL JOLT

(By United Press.)
London, Oct. 1. (By Mail.)—Latest figures gathered from neutral allied and enemy sources show big increases in the cost of living in Europe since July, 1914.

According to figures Italy heads the list but rationing there extends only to sugar and bread (with macaroni, rice and maize flour).

These conditions are not comparable with those in the central empires, where almost every food is rationed in very limited amounts, and where in some cases the rationed quantities cannot be obtained. The cost of living for those who can manage to give exorbitant prices for illicit food must be incredibly great.

Following is a table showing how the war has increased food costs in Europe:

Italy, Feb. 1918—153 percent.
Norway, Mar. 1918—137 percent.
Sweden, Mar. 1918—134 percent.
Germany, Nov. 1917—125 percent.
Great Britain, June 1918—108 percent.

France, Dec. 1917—100 percent.
Switzerland, Dec. 1917—96 percent.
France (Paris), Jan. 1918—91 percent.
Holland, Mar. 1918—82 percent.
Denmark, Feb. 1918—73 percent.

SPANISH INFLUENZA

Resembles Old Fashioned Grip

The symptoms of Spanish Influenza are very similar to old fashioned grip—pains throughout the body, extreme dizziness, sleepiness, chills, high fever, headache, disturbed digestion with running at the nose and eyes and excessive spitting, showing an inflammation and congestion of the mucous linings.

Manifested by Catarrhal Condition

With the first symptoms of Influenza, it is well to consult your family physician at once. It is not the disease itself that is to be feared so much as it is the complications which may follow. To ward off Spanish Influenza or as an aid to returning health after an attack, nothing is any better than Dr. Hartman's World Famous Pe-Ru-NA.

For Catarrh of Every Description Take PE-RU-NA

The well known and direct action of Peruna in restoring and maintaining a healthy condition of the mucous membranes throughout the body makes it the greatest disease preventing and health restoring remedy known to science.

For forty-five years Peruna has retained its title as a reliable safe-guard to the health of the American family.

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

Your Battery's Lease of Life

Your battery's usefulness depends on the way you treat it, but even the best of care won't make a poorly insulated battery stand up through a long busy life.

The Still Better Willard, with ordinary care gives a good deal more than ordinary service and a great deal longer than ordinary life.

One of the reasons why this is so is that this battery has Threaded Rubber Insulation—which indefinitely postpones need of re-insulating.

Tell Us Some More

A member of the senate committee on foreign relations has spoken with extreme frankness on the subject of Germany's answer to the president's questions regarding Prince Maximilian's peace proposals.

He said in part: "The great trouble with the acceptance of the peace settled is that the details are the details of the details. There is not a word in the address of Jan. 8; or in any subsequent address which demands reparation. All the allies, and particularly France and England, through Clemenceau and Lloyd George, have declared again and again that the terms of peace must contain both restitution and reparation."

We may take it that the subject of reparation was contained by implication in the president's words, and a rational mind can read them there; but we can be confident that Berlin construes them differently.

The retreating German armies were under consideration, but the devastation was of little military importance. It indicated sheer wantonness and malignity.

If the Germans really contemplated paying the bill they would certainly not add to the debt by indiscriminate demolition. They would demolish only what the allied armies

could use. It is evident that they have intentionally left the subject of reparation to discussion, and during the weeks—or months—occupied by such a discussion they could add substantially to their waning resources.

Senator Hitchcock, chairman of the foreign relations committee, has even refused to believe that Prince Maximilian represents the people at all. And as we have nobody's word but Maximilian's we can hardly blame him.

During the war between Turkey and the Balkan States an armistice was declared, and delegates met in London at Sir Edward Grey's invitation. They labored for several weeks to reach an understanding, and then the belligerents went at each other again with redoubled vigor. If, therefore, we do actually see delegates assembled at a conference table it will be well not to expect too much from the deliberations.

Food Is Food, Not Decoration.

How we used to waste food at Halloween parties before the war!

We scooped out pumpkins to use the rinds for lanterns, and then wasted the rest. We threw away the nut shells, we now save for gas mask carbon. We peeled apples to what mystic letters the peeling would make when thrown over the left shoulder. All of which are horrifying practices to us now in the days of food conservation.

At this 1918 Halloween do not use food for decoration or amusement. Have some fun, and have nuts and raisins to eat.

But after all, it's time for pumpkins, and even though we do not use them for lanterns, we can keep up the American liking for pumpkin pie, and have it, without a qualm of conscience.

Time is money. You may gain a whole hour today, but you will have to sit up so late to get the full advantage of it that it is a question whether it will be a gain after all.

Add horror of war: The price of singing canaries has advanced from about two to three dollars to ten and twelve dollars each. However, when

WILL tell you what will happen some night this winter in France. Some night when its cold and dark. There will be a rustling through the front line trench, where our boys stand guard. And a heavy laden Secretary will make his way along.

In his hands will be great steaming pots: in his pocket chocolate and cigarettes.

From one man to another he will go, passing a cup full of hot coffee to hands that tremble with the cold; bringing the comfort of a bit of sweet and a smoke.

Men will hail him cheerily, slapping him on the back; and when he has gone things will be a little easier in that trench because he has passed that way.

How much will it cost to make that trip, do you suppose? Counting the pittance that the Secretary is paid, and the cost of the chocolate and the cigarettes and all?

Five dollars? Twenty-five dollars? I do not know.

But whether it is five dollars or twenty-five, I'd like to think that it is my five or twenty-five—wouldn't you? That some night when it's cold and lonesome, my money and yours might send a Secretary out along that front line trench. Let's make up our minds that we are going to pay for a score of those trips. A score of the nights this winter shall be our nights.

—nights when the boys greet joyously the chocolate and cigarettes that our money provided; and are happier because our representative has passed.

The people who have been seeking for years to reduce ought to be very much obliged to Mr. Hoover for each successive set of his rules. Reducing is now an involuntary rather than a voluntary matter.

"Peace" is a noun that we are all much attracted to, but we are very particular that it should have the right adjectives in agreement with it. It must be a "just" peace, a "lasting" peace, or we will have none of it.

We must make up the loss of the beet sugar lands and factories captured or destroyed by the Germans in Northern France and Italy. One lump instead of two.

Insulting Our Intelligence

The president comes very close to insulting the intelligence of the American people in urging them to vote the democratic ticket in order that he may have full support in the prosecution of the war.

Every person who has been at all in touch with domestic affairs, knows that the most essential war measures would not have been passed if it had not been for the hearty republican support. The statement of a republican congressional delegation, says that on fifty-one roll calls on war measure April 6, 1917 and May 29, 1918, the votes cast by republicans in favor of such measure were 72 percent, while only 67 per cent of the votes cast on the democratic side were for the measures.

The president in his statement admits that the republicans have been undeniably pro-war, but asks election of democrats to congress regardless of their war record. He appeals not as president but as leader of a partisan organization. He, therefore, is not entitled to the support of the people, who have willingly done all they can for the war.

measure, in electing a democratic congress irrespective of the way they have cast their votes on matters pertaining to the war. Politics may or may not have been adjourned, as the president some time ago stated, but unquestionably the bars are now down, and the president has laid himself liable to attacks as a partisan because he has openly admitted that he is one.

"The Republican party is and has been spreading the propaganda of the German Kaiser."

"The Republicans want to win the war quick by stabbing the President in the back."

"Will Hays, Republican national chairman, was at Lincoln, Neb., but a day or so ago spreading the seed of dissension."

"All men are satisfied with the present Congress but the Republican politicians, the Kaiser and the war lords."

"The Republican congressmen supported the war measures only after the lash of public opinion had been applied."

"The Republican leaders have their hands stained with the blood of their countrymen."

Assemblers vs. Manufacturers.

A FACTORY is a place where things are MADE. Some so-called factories are merely assembling plants where they put together, what other real factories build.

The factories where the "RUSHVILLE SPECIAL" Spreaders are built produce these machines direct from the raw material. Every part and piece going into these machines with one exception, the steel chain, is made from the raw material in the Litchfield Factories. Pig-iron, steel, raw lumber—these are the things that go into the Litchfield Factories and the completed machine comes out.

Our customers will be surprised to find how many "factories" depend on other factories to produce many of the parts and pieces that go into the machines they produce. The Litchfield Factories make their own steel castings, their own steel wheels, their own bolts, their own seat springs, their own coiled rolled shafting. In fact everything in this spreader is under the direct building control of the Litchfield Organization and this means a KNOWN quality such as it would be absolutely impossible to produce if the machine were built in a half dozen different plants and assembled in another one.

This is one of the important reasons why this machine can be sold under the liberal guarantee which we place behind it. Come and see it.

PRIVATE HOGSETT TWICE ON HEELS OF HUN

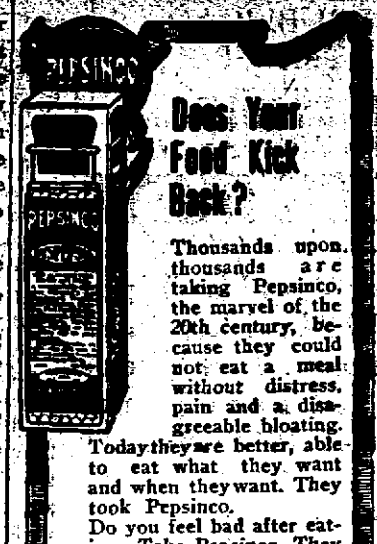

Continued from Page One
by the Germans big guns and lived in cellars from June 16 to June 29.
Private Hogsett was in France only seven months, but crowded into that brief period was a life time of experiences. He left here October 10, 1917 for Camp Funston, Kansas

and entered the signal corps as an enlisted man. Just a year to a day he landed in France, truly a veteran of the world war, but without a scratch to show for it, although he was through two of the hardest campaigns in which the Americans have participated.
Private Hogsett got a touch of local color, even in France, 3,000 miles from home. He was in a casual camp at Blois when who should pull in but Howard Henley, Paul McIntosh and Fred Abernathy, all former Nashville boys. He found opportunity to be with them for a short time although they came and left while he was in the camp. They had time to exchange a few reminiscences about the old home town.

While passing through Paris on his way to the United States, Private Hogsett chanced to meet Harvey Allen, former Nashville postal clerk, in the Y. M. C. A. hotel and they spent one evening together at a Paris theater. Mr. Allen, who has been in France for several months in the United States postal service, is now stationed in a city south of Paris, Private Hogsett says.
Private Hogsett evidently had his rabbit's foot with him all the time, for the last of the 104 casual troops with he sailed for France last February and who were scattered to the far corners of the battle area, is in a French hospital suffering from shell shock.

After four months training at Camp Funston, Private Hogsett embarked for France, landing at St. Nazaire, where he spent five days. He, together with the other 103 casual troops who were sent in advance as replacement troops for the signal corps, was taken to the casual camp at Blois by way of Nantes and Tours.
"The barracks at Blois are said to have been built by Napoleon," said Private Hogsett. "They form three sides of a square, are seven stories high and are substantially built. In the space between the two wings is a drill parade ground. We spent two weeks at Blois and while there were on detail doing various things. Preparations were being made then for establishing a large American hospital."

veres, Dijon, Toul and Meni le Tour on the way. It was at Boucq that Private Hogsett was assigned to the 26th division, composed of the New England states national guard, then veterans, because they spent the winter of 1917-1918 in France. He was at this place from April 22 to June 29.
"I and the other man left of the original 104," said Private Hogsett, in describing his experiences yesterday evening, were assigned to C Company, 101st Signal Battalion of the 26th division. I went out with a signal platoon, of 65 men, from C Company assigned to duty with one regiment of the division. We worked at night stringing communication lines and salvaging wire. It was while I was out on this duty that a motorcycle rider came out one evening and said he wanted to take me back to camp. I had applied for transfer to the headquarters detachment and I felt sure that was what was wanted with me.
"From that time on I was with the headquarters detachment of the battalion. On Sunday, June 16, the Hunns began shelling the town and drove the division headquarters out. We signal corps men lived in cellars in the town from June 16 to June 29, when we were relieved and trained at Toul for the Chateau-Thierry front where the 26th, went to the relief of the Marines, who had already stopped the Germans in their drive down the Marne toward Paris."

YOUR COUNTRY IS CALLING FOR 100% MEN

In this world crisis the life of civilization literally depends on how much physical and mental efficiency the individual defenders of civilization can develop and maintain.

Are you a 100 per cent. man? Are you developing your full rated mental and physical horse power? Are you giving to your country thoughts and deeds measuring up to the best of which you are capable

It is your patriotic duty to keep full of vim, vigor and vitality, and it is my duty to see that you do this

—if you permit me to bring to bear on your case my almost 20 years of highly specialized experience in manhood and maintenance.

Keep Your Machinery Oiled and In Perfect Adjustment

The human body is the finest and most delicate of machines. Its functions perfect only when properly inspected and cared for. It will not stand abust without eventually rebelling.

The slam bang way of living which we, in this country, have fallen into can not be kept up indefinitely without something snapping. We violate the sanctity of these bodies of ours in a thousand ways—and what a price we pay.

Nerves! Nerves! Nerves! This war will go to the side with the strongest nerves and the purest blood.

Our blood has been viciated by excesses.

It must be purified.

The tender, vital organs of our bodies must be revitalized—almost remade, if we are to go on—if you are to win your own personal fight, for instance.

I am a Physical Inspector—a Physical Rebuilder. You may need me more than you know.

For almost 20 years I have served manly men who refuse to be denied their heritage of health. I am as permanent in Indianapolis as the monument. Do not intrust that most priceless asset—your health—to the unknown and irresponsible. Know to whom you are confiding. Know the ABILITY of the man whom you ask to make you 100 per cent. efficient.

I may or may not be able to cure you.

But I can and will, after making the most searching study of your case, tell you what you may reasonably expect, and I will hold out no false promises. If absolute sincerity, the broadest possible experience, and one of the best equipped offices in the country will help—I can help—perhaps entirely remedy any physical irregularity to which you may be a victim.

Let me see you. Talk to me frankly and give me your complete confidence and I will deal with you honestly. This complete co-ordination of confidence and highly specialized training can not but help resulting in the betterment or complete correction of any trouble you may have of a pelvic, rectal, blood or nervous nature.

Attention—I have a large clientele in this locality, and have had in the past many who were unable to come and see me at my Indianapolis office, hence I am coming to your city that you may be better enabled to share in the results of my many years as a successful Specialist.

AVOID THE OPERATING TABLE. DR. OSBORN'S IMPROVED METHODS ARE EXCLUSIVELY HIS OWN, AND THERE IS NO GUESS WORK ABOUT IT.—THEY HAVE PROVEN SUCCESSFUL.

In the treatment and cure "Without the use of the Knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and all other curable Chronic Diseases.

No Matter How Obstinate or How Contracted—Cured. When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected, or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion, and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System, and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis, one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me, on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis. I do not use the knife, neither do I do any cutting.

TOMORROW MAY NEVER COME — GET IN TOUCH WITH ME TODAY.

ARE YOU RUPTURED?

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction, nor of your many disappointments and failure to find a cure by experimenting with old fashioned treatments, leaving you, the sufferer, in even worse condition than before, and mentally skeptical of ever being cured.

HUNS' WOULD REWARD THE FLEMISH TRAITOR

Trying To Recruit Natives Of Occupied Belgium For So-called Civil Guard.

SUBSIDIZED BY GOVERNMENT

(By United Press.)
Paris, Oct. 1. (By Mail.)—In following out their scheme to Germanize Belgium, the Germans are attempting to enlist the sympathies of Flemish element in the invaded territory and detach them from the loyal Belgian population.
According to information reaching the Belgian government at Harve, the latest move in the design is an attempt to form a Flemish "Reichswacht" or civil guard ostensibly for police duty in the Flemish region, under command of the German governor. With the assistance of a handful of Flemish traitors, subsidized by the German government and formed into the self-styled "Council of Flanders," the Germans are trying to recruit more traitors to Belgium by offering commissions in the proposed "Reichswacht."

The German governor of Belgium has offered places in the so-called "guard" to Flemish prisoners taken by the Germans in the early days of the war.
Although the Belgian government is certain the invaders will be unable to make any headway with the scheme, it is warning the people in Belgium of the intentions of the Germans and exposing the German plan.

DRUGGISTS!! PLEASE NOTE VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January. Last Week's Orders Called For One and Three Quarter Million Jars—Today's Orders Alone Amount to 932,459 Jars.

Big Shipments Are En Route to Jobbers. Until These Arrive There May Be a Temporary Shortage. All Deals Postponed—Buy in Small Lots Only.

RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCEL POST.

This advertisement is written on Monday, October 21st. It is directed to the attention of all distributors of Vick's Vaporub, both wholesale and retail. In an emergency such as the present epidemic—our duty—and your duty—is to distribute Vaporub in the quickest possible manner to those sections stricken by Influenza. We, therefore, call your careful attention to the following:

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED.

On October 1st we had on hand, at our factory and in twenty warehouses scattered over the country sufficient Vaporub to last us, we thought, until January 1st, allowing for a 50% increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish Influenza hit us—and in the last 10 days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

Wed., Oct. 16—18,504 Doz.
Thurs., Oct. 17—25,323 Doz.
Fri., Oct. 18—39,256 Doz.
Sat., Oct. 19—45,833 Doz.
Mon., Oct. 21—77,705 Doz.

Up to Saturday, October 19th, we have actually shipped for this month \$400,284.10, or over two million jars of Vaporub.

THE PROBLEM NOW IS TO DISTRIBUTE VAPORUB QUICKLY.

Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the Influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

WHAT WE ASK THE WHOLESALE DRUGGISTS TO DO.

Last Saturday we notified all of our jobbers, by Special Delivery, as follows:

1st—Deals and quantity shipments of all kinds are cancelled. Fill no quantity orders of any kind, whether taken by our salesmen or by your own. Sell in small lots only.

2nd—Orders from us in as small quantities as possible. If you are out we will try to ship a limited amount by Parcel Post or

Express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen 30c size at any one shipment.

4th—We are now out of the 60c size and will be for the next 10 days.

WHAT WE ASK THE RETAIL DRUGGISTS TO DO.

Buy in as small quantities as possible. If you have any quantity orders, given the jobber's salesman or given to our salesmen, don't bother about them—no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's Vaporub we will ship you by Parcel Post, prepaid, quantities not more than three (3) dozen 30c size in any one order. Naturally we can't open accounts at this time, so your check or money order for this amount must accompany order. Don't write us stating to ship thru your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH CORRESPONDENCE.

Our force has already been "shot to pieces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called in to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH INFLUENZA.

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history—the symptoms—the treatment, and particularly the use of Vick's Vaporub as an external application to supplement the physician's treatment.

NEW WAYS TO USE VAPORUB

In addition to the usual method of using Vaporub—that is, applied over the throat and chest and covered with hot flannel cloths—our customers are writing us daily telling of their success in using Vaporub in other ways, particularly as a preventive. They melt a little in a spoon and inhale the vapors arising, or melt it in a benzoin steam kettle. Where the steam kettle is not available, Vaporub can be used in an ordinary tea kettle. Fill the tea kettle half full of boiling water, put in half a teaspoon of Vaporub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

According to a Bulletin just issued by the Public Health Service, Dr. Stiles, of this Service, recommends that the nose be kept greased as a preventive measure against influenza germs. For this purpose Vaporub is excellent.

THE VICK CHEMICAL COMPANY, Greensboro, N. C.

No meeting of the Monday evening card club will be held on account of the influenza.

Miss Leota Mull, the daughter of Mr. and Mrs. Earl Mull of West Second street, and Alfred Gilbert, son of Mrs. Leila Gilbert, were quietly married last evening at the parsonage of the Christian church, with the Rev. L. E. Brown officiating. Mr. and Mrs. Gilbert were members of the 1917 graduating class of the local high school here and are very popular in this city. Mr. Gilbert is employed by the Stenotype manufacturing company in Indianapolis. Mr. and Mrs. Gilbert will make their home in Indianapolis.

Red Cross Notes

The Red Cross headquarters will be open on Saturday and Wednesday afternoons for women to go and get the sweater yarn, with the understanding that they return the sweaters within thirty days.

The sale of a calf at Gray and Cross' farm auction, in Jackson township Thursday, netted \$122.50 for the Jackson township auxiliary of the Red Cross. The calf was donated by Jesse Gray and was sold, donated back and resold a number of times until the large sum was realized.

THANKS YOUNG WOMEN FOR THEIR ASSISTANCE

County Food Administration Voices Appreciation For Aid In Issuing Sugar Certificates

RED CROSS ALSO THANKED

The county food administration expresses thanks and appreciation for the aid extended by Rushville young women and the Red Cross in issuing canning sugar certificates, in the following letter received by the Daily Republican:

Ed. Republican, Rushville, Ind.

Dear Sir: The County food administration wishes publicly to express thanks to the patriotic ladies of Rushville, who so efficiently aided The City food administrator, Mr. M. V. Spivey, in the issuance of canning sugar certificates. In the rush of the canning season, the County Red Cross organization was appealed to for assistance. Their ready helpful response was much appreciated. M. V. Spivey, City Administrator. M. F. Lovett, County Food Administrator.

TO SAVE MEAT

A serving of meat or poultry once a day is enough. No family of five should buy any meat until it has bought 3 quarts of milk. Use all left overs. Make soups. When you buy meat get the lighter cuts which do not keep so well for shipment abroad. Remember there are parts like livers, hearts, tripe, sweetbreads and brains which should be used. Make a little meat go a long way. "Extend" its flavor. Other things such as vegetables, (especially potatoes), can be combined with meat.

Notes on Activities Of Franchise League

Amendment May Be Reconsidered

Washington—The loss of the Susan B. Anthony Amendment in the senate is an event of great moment in suffrage history. The measure was defeated by a vote of 53 to 31 after five days bitter argument and controversy, and in spite of a personal visit of President Wilson to the senate to tell why he considered the amendment a war measure. Senator Jones of New Mexico, chairman of the Woman's Suffrage Committee changed his vote at the last moment from the affirmative to the negative so as to be in a parliamentary position to ask for reconsideration. As the suffragists control more than a majority, the measure can be returned to the calendar, where it will be ready for action the moment a favorable opportunity arises.

Suffragists refuse to be discouraged and the group of earnest women at the headquarters of the National American Woman's Suffrage Association declare the defeat to be only temporary. Mrs. Carr, the National president, stated after the vote.

We are stronger today with the right and president and sixty-two senators on our side than we ever were before. We would rather be defeated with the president and sixty-two senators than win with the thirty-four who voted or paired against our measure.

Indiana Suffragists Statements

Peru, Indiana—Undaunted by the loss of the suffrage measure in the senate, on Tuesday, Mrs. Fred H. McCulloch, general chairman for the Woman's Franchise League of Indiana for the membership petition campaign, declared that suffragists would work harder than ever. Mrs. McCulloch is in the midst of her Liberty Loan work but left her desk long enough to telephone to headquarters of the Franchise League this message:

"It is disheartening at this time when women are in the midst of their work in the Fourth Liberty Loan campaign to hear of the defeat of the federal suffrage amendment in the senate. Just as soon as we have finished our work for the Liberty Loan we will work harder than ever for the petition and membership campaign."

Mrs. Lewis J. Cox, who, as Congressional Chairman for the Woman's Franchise League for several years, has been in close touch with the progress of the federal amendment through congress, made this statement:

"The loss of the amendment leaves me almost too disheartened for words. One must remember, however, that it is only a little group of willful men that is blocking for a time the progress of a big country."

ORDERS ISSUED NOT TO SELL SMALL PIGS

Dr. L. E. Northrup States Killing Of Young Pigs For Roasting Must be Stopped.

MORE MONEY IN GROWN PIGS

Indianapolis, Oct. 26. — Orders were issued today by Dr. L. E. Northrup state veterinarian prohibiting the sale of small pigs. The usual practice of this season of the year of killing young pigs for roasting must not be followed he said, no matter how attractive the prices.

"There is more money in full grown hogs" said the veterinarian, and it is more patriotic to let them grow to maturity. Reports have been received recently showing that farmers are selling a good many young pigs for butchering. In case a farmer has young pigs which he must sell, he should sell them to another farmer who will feed them and not to a butcher. There is always a market for young pigs for feeding purposes.

JAMES W. SWIHART

James W. Swihart was born in Stark County Ohio, June 27, 1885 and died October 22, 1918 at Ft. Thomas, Kentucky. His early boyhood days were spent with his parents in Tuscawawas County Ohio, and later he entered the high school at Cochocton, graduating from that institution in June 1901. Endowed, by nature, with great mental strength and a wonderful ambition, James immediately continued his scholastic training by entering Hiram College in the autumn of that same year. He graduated with honor from this College in June 1907. After an interval of a few years, he continued his studies and graduated from the Western Reserve Law School in June 1918, and on the 24th of June last, James was admitted to the Bar of the state of Ohio for the practice of law.

Nine years ago, last June, James became identified with the American Book Company of Cincinnati, Ohio. So successful was he with this business that he had risen to the responsible position of Assistant Manager of the Cincinnati Office and would have become the active Manager next April.

In his early youth, James confessed his faith in his father and in the year 1902, became a member of the Christian Church at Cochocton Ohio.

On the 21st day of December 1907, James was united in marriage to Hazel Spurrier of Rushville Indiana, a union that has been marked by unusual companionship and devotion, rich in its blessings and full of priceless joys. To this union four children have been born: two girls and two boys, Jean, Mignon, James Jr and Daniel.

James leaves, not only a wife and four children, but mother, father, sisters, brothers, loved ones and friends to mourn his going. His going has caused a sorrow felt by all who knew him—a loss that only those who experience a personal share, can measure its depth. But in

the sadness of this hour, when the shadows seem to deepen and are long, there bursts upon us the gleam of hope in the things unseen and as expressed in the song of "No need of Shadows". There shines out anew in full glory the great legacy James has left us and a memory that will endure to the end of time—A life unsplotted—a christian character—a devoted and loving husband and father—an ideal son and brother—a choice friend. A leader among boys at his home when young—a leader among men at the time of his going—and a promise of a larger and richer life with its responsibilities in the years to come, had he lived—An inspiration to his wife, his boys and his girls and an anchor to them as the years go by.

James, has not lived in vain. He leaves and gives all a noble man could leave and give. He is not gone, but has risen to heights of greater glory. And with this new and greater life, he will constantly lead us all onward—with brave hearts and resolute purposes—to nobler thinking and living. 1931f

FOOD ADMINISTRATION OPPOSED TO CONTESTS

Substance Of Reply To Dorsey Reed
By Dr. Barnard Who Does Not
Permit Shooting Match

ANSWER SERVES FOR OTHERS

The federal food administration is opposed to any shooting match, game of chance or contest of skill that might put into the hands of persons any quantity of food stuffs for which they have no actual need. This was the substance of the reply sent today to Dorsey Reed, federal food administrator for Warrick county, by Dr. Harry E. Barnard, federal food administrator for Indiana. Mr. Reed wrote in asking whether he should permit a shooting match and a turkey raffle, which formerly common practices in Indiana just before Thanksgiving. Dr. Barnard says he expects his answer to Mr. Reed to serve for others in the state who are warned against the official regulations which call for the increased conservation of food stuffs of every description, "of which" Dr. Barnard says, "we have absolutely none to play with or to waste."

UP AND ABOUT AGAIN.

"I was sick in bed with kidney trouble," writes C. F. Reynolds, Elmira, N. Y., "and my back ached so severely I could not get up. I commenced taking Foley Kidney Pills and in a few days was out of bed. Keeping up the treatment, I was able to go to work. Since then I have had no more backaches and no other trouble with my kidneys." Foley Kidney Pills stop sleep-disturbing bladder ailments and relieve rheumatic pains, sore muscles and swollen joints. SMALL NUMBER LISTED IN OVERSEAS REPORT

One Of Smallest Lists War Department Ever Published Containing
259 Names

ONLY FOUR INDIANA MEN

Washington, Oct. 26.—Today's casualty list is one of the smallest lists of names that the war department has ever published since the beginning of this war. There are 259 listed, counting 45 marines, of which are 5 killed in action; 12 died of diseases; 31 wounded severely; 130 wounded (degree undetermined); 27 wounded slightly; 3 died from accidents and other causes; 6 missing in action.

The 45 marine casualties are divided as follows:

Killed in action, 5; died of disease, 17; wounded in action, severely, 3; missing in action, 15; sick in hospital, Class D, previously reported died of wounds, 1; sick in hospital, previously reported missing, 3.

Only four Indiana men, including two marines, are reported by the Commanding General of the American Expeditionary Forces:

Wounded (degree undetermined)—Private Robert W. King, Centerville.

Died of disease—Private Herschel Arend, Saratoga.

Missing in action—(Marines) Private August F. Berghoff, Fort Wayne; Private Ora L. Hendricks, Kentland.

first to reach its quota. Professor German of Greensburg gave an impressive talk about different forms of publicity. On November 5, which is election day, at Greensburg the Volunteer Girls, dressed in their uniforms, will be stationed at the various precincts instructing the men about this war work. These girls will also make a house-to-house canvass on the ninth, leaving a card at each house to subscribe for the United War Work campaign. The object in distributing these cards is that every person may have a chance to contribute to this war fund.

The meeting was brought to a close by a talk by W. C. Ehrhardt, of Greensburg. Mr. Ehrhardt said, "the only way to put this campaign over is to have publicity and co-operation. This war is making the country of the United States a united one."

FIVE REGISTRANTS HELD FOR SERVICE

Two Are Found Qualified For Limited Service And Four Others Are Rejected

132 QUESTIONNAIRES MAILED

Out of thirteen registrants examined yesterday, only five were held for general military service, and one of them, Robert Helm, who registered before September 12 and was re-examined. This makes a total of 105 of the September 12 class now subject to call.

Two registrants were held for limited service and four were rejected. The other two called were sick and could not report. Robert Helm was rejected on his first examination and put in class five, but on his petition for another examination, was found physically fit. Eleven more have been called for examination Monday.

One hundred and thirty-two questionnaires were mailed out today to registrants eighteen years of age and about thirty-seven. Twenty-eight questionnaires were returned yesterday and eighteen this morning, making a total of forty-seven returned up to noon today.

MRS. OSCAR KIDWELL DIED

Expires in Indianapolis and Body is Brought Here For Burial.

Mrs. Oscar Kidwell, age 27 years, died at her home in Indianapolis, Wednesday night from the Spanish influenza, having been sick only four days. Her survivors are a husband, who is in France, her mother, Mrs. Minnie Collins; father, John Montgomery; three sisters, Mrs. Mazel Smith of Indianapolis, Miss Sylvia Montgomery and Miss Ruth Montgomery; two brothers, Charles Bell of Connersville, and Roy Montgomery, who is in a camp in Texas. The body arrived here today and burial took place in East Hill cemetery.

NO VACATION FOR THIS SCHOOL YEAR

can collect pay for the time the schools are closed provided that they were employed for a school year or term under a contract which does not fix the rights of the contracting parties.

Hack drivers can not collect for the time the schools are closed unless they have a contract that so provides, the letter says. Janitors employed at a stipulated wage per month for the entire period of the school year will be entitled to pay during the forced closing unless their contracts provide that they be paid only for the days of the term when services are actually performed.

The state board of public instruction will be guided by a liberal policy in granting credits to public school pupils where the terms have not run the full number of weeks, as required by law, due to the epidemic. Horace Ellis, state superintendent of public instruction, points out that the ruling of the attorney general that all teachers shall receive payment for the duration of the closing order, is an indirect ruling that the schools are not in session.

It is expected that the state board at its next meeting will take the stand that the students should not be set back in school because of the lost time. If the closing order on schools extends no longer than a month the time lost during the emergency will be ignored and credit will be given for full time.

It is planned to make up as much time as possible without extending the terms into the spring, when the boys will be needed in the ranks of the Boys' Working Reserve. Christmas vacation will be reduced to one day, Christmas day. All other vacations and holidays will be dispensed with.

3 HOOSIERS PRISONERS

Washington, Oct. 26.—Three Hoosiers are included in the list of names announced by the War Department today as being in German prison camps. They are held at the camp at Rastatt and are as follows: Private Fred O. Schnette of Farmers Retreat, William Tann of Jasonville and Robert C. Warnick of Bloomfield.

CLOCKS TO BE TURNED BACK AN HOUR TONIGHT

Old Time Goes Into Effect At 2 A. M.
Sunday, According To Daylight Savings Law

NOT TO AFFECT TIME TABLES

Rush county goes back on the regular time schedule at 2 a. m. Sunday morning, according to the daylight saving law passed by congress last winter. People are supposed to turn their clocks back one hour tonight so that the whole nation will again be running on the regular time. Clocks were turned up an hour last spring in order to save one hour of daylight during the summer months.

The change in time will not affect the time of arrival of any trains here according to local railroad officials. Trains enroute at 2 a. m. will stop for an hour in order to run on the time.

It is not presumed that any one will get up out of bed at 2 a. m. and move their clocks back an hour but that they will perform this task before retiring tonight. Clock makers have issued a warning against turning the clocks back one hour as it may damage the works. In stead, they say, clocks should be turned up eleven hours, which gives the desired result.

Agitation recently to continue the new time in effect all winter, was without result. Congress decided it would be a wiser policy to elave the daylight saving law as it is.

JAMES WORSTER IS DEAD OF PNEUMONIA

Former Proprietor Of City Restaurant Dies At Dayton, O., Friday
Afternoon At 3:45.

BODY WILL BE BROUGHT HERE

James Worster, age 25 years, died at his home in Dayton, Ohio, yesterday afternoon about 3:45 o'clock with pneumonia following the Spanish influenza, having been sick only a week. His death comes as a shock to his many friends in this city, where he had lived for several years. For a few years before leaving here he was the owner of the City Restaurant. He left here last April for Dayton, Ohio, where he was employed by the Dayton-Wright Airplane company, and was working there at the time he took sick. While he was in this city, Mr. Worster became a member of the Elks lodge and also a member of the Odd Fellows lodge. The deceased survivors, besides his widow, are his parents, Mr. and Mrs. Frank Worster; one brother, Frank Worster, Jr., and four sisters, Mrs. E. J. Gaisinger, Mrs. Willie Beale, Mrs. Porter Beale and Miss Nellie Worster, all formerly of this city. All now reside in Anderson with the exception of James Worster, Jr., who is employed in Indianapolis. The body was taken to Anderson yesterday evening, but will be brought here for funeral services and burial.

SUCCESS WITH BACTERIN.

Shelbyville, Ind., Oct. 26.—Dr. Thomas Green, a local physician, reports remarkable success in the treating of influenza and prevention of the disease by means of a bacterin treatment. He has vaccinated and treated about 300 patients, the persons who were very sick have recovered and those vaccinated did not contract the disease, he reported.
